

Dr.C.B.Price Publication List.

[75] [2021] Price, C.B., Price-Mohn R., Exploring gender differences in primary school computer programming classes: a study in an English state-funded urban school.

<https://doi.org/10.1080/03004279.2021.1971274>

[74] [2021] Price-Mohr, R. and Price, C. Learning to Play the Piano Whilst Reading Music: Short-Term School-Based Piano Instruction Improves Memory and Word Recognition in Children. International Journal of Early Childhood. <https://doi.org/10.1007/s13158-021-00297-5>

[73] [2020] Price, C. Story Writing Coding with the WeeBee engine. (Chinese Translation) Published by Crossbridge Books, ISBN 978-1-8380028-8-6.

[72] [2020] Price, C. Story Writing Coding with the WeeBee engine. Published by Crossbridge Books, ISBN 978-1-8380028-1-7.

[71] [2019] Price-Mohr, R. and Price, C. A comparison of children aged 4-5 years learning to read through instructional texts containing either a high or a low proportion of phonically-decodable words. Early Childhood Education Journal. Online September 2019
<https://doi.org/10.1007/s10643-019-00970-4>

[70] [2019] Price, Colin and Price-Mohr, R. – Emergent stories written by children while coding. How do these emerge and are they valid compositions? Journal of Writing Research. Vol. 11, No.2 October 2019 <https://doi.org/10.17239/jowr-2019.11.02.02>

[69] [2019] Price, Colin and Price-Mohr, R. PhysLab: a 3D virtual physics laboratory of simulated experiments for advanced physics learning. Physics Education 54 (2019)

[68] [2018] Price, Colin and Price-Mohr, R. An Evaluation of Primary School Children Using a Text-Based Language (Java). Computers in the Schools. DOI: 10.1080/07380569.2018.1531613

[67] [2018] Price, Colin and Price-Mohr, R. Stories Children write when Coding: a cross-disciplinary approach for the Primary classroom. Cambridge Journal of Education. DOI:10.1080/0305764x.2017.1418834.

[66] [2018] Price-Mohr, R. and Price, Colin. Synthetic phonics and decodable instructional reading texts. How far do these support poor readers? Dyslexia, DOI:1002/dys.1581.

[65] [2017] Price-Mohr, R. and Price, Colin [Gender Differences in Early Reading Strategies: a Comparison of Synthetic Phonics Only with a Mixed Approach to Teaching Reading to 4-5 Year-Old Children.](#) Early Childhood Education Journal, Volume 45(5) 613-620. DOI: 10.1007/s10643-016-0813-y

[64] [2010] Kuzma, Joanne and Price, Colin and Henson, Richard (2010) [Flash Vulnerabilities Analysis of US Educational Websites.](#) International Journal of Electronic Security and Digital Forensics, 3 (2). pp. 95-107. ISSN 1751-9128

[63] [2010] Price, C.B., Moore, J.S., Book Chapter “The Design and Development of Educational Immersive Environments: From Theory to Classroom Deployment” in “Gaming for Classroom-Based Learning” Ed Young Baek. ICI Global. DOI: 10.4018/978-1-61520-713-8

[62] [2009] Price, C.B., Moore, J.S., Developing Educational Resources using AI embedded in Computer Game Technology. A Case Study: Primary School Literacy. SGA1 29th International Conference on AI. (Proc. Workshop on AI in Education).

[61] [2009] Price, C.B., Creating Educational Immersive Environments using a Commercial Game Engine: Case Studies and Design Theory. Proc. HEA Conference, University of Canterbury 2009.

[60] [2009] Price, C.B., Moore, J.S. Kuzma, J.M., Deconstruction-Reconstruction of Computer Game and Immersive Environment Semiotics. Conference “Electronic Visualization and the Arts” London 2009.

[59] [2009] Price, C.B., Moore, J.S., The Role of Art in Computer Game Design Proceedings CHART 25th Annual Conference, London 2009.

[58] [2009] Moore, J.S., Price, C.B., Development of an Educational Immersive Environment for Primary School Literacy Education. Proceedings European Conference on Game based Learning Graz Austria (2009).

[57] [2008] Price, C.B., “The Path between Pedagogy and Technology: Establishing a Theoretical Base for the Development of Educational Game Environments.” in “Games-Based Learning. Advancements for Multi-Sensory Human Computer Interfaces” Connolly, Stansfield, Boyle (Eds) ISBN 978-1-60566-360-9 (2009).

[56] [2008] Price, C.B., UNREALART. A NEW MEDIUM FOR ARTISTIC EXPRESSION USING A COMMERCIAL GAME ENGINE: GALLERIES AND INSTALLATIONS. Electronics, Visualisation and the Arts International conference London July 2008.

[55] [2008] Price, C.B., The Development of On-line Educational Materials for the study of Architecture using Commercial Computer Game Technology. Proc. IASTED WBE 2008, Innsbruck, Austria.

[54] [2008] Price, C.B., UnrealPowerpoint: Immersing PowerPoint Presentations in a Virtual Computer Game Engine World. Journal Computers in Human Behaviour (24). DOI: 101016/j.chb.2008.03.009

[53] [2008] Price, C.B., An Investigation of the fidelity and Accessibility of the Unreal Tournament Physics Engine to develop Physics Educational Materials. Journal Simulation and gaming (Journal Simulation and gaming Vol. 39 No.3

[52] [2008] Price, C.B., Learning Physics with the Unreal Tournament engine. Physics Education 43(3).

[51] [2007] Catling, J., Price, C.B., Symbiosis in teaching AI to Psychology undergraduate students: A Case study, Jonathan Catling and Colin Price. 3rd UK workshop on AI in Education, Cambridge UK.

[50] [2007] Plyusnina, T.Yu., Lavrova, A.I., Price, C.B., Riznichenko, G.Yu., Rubin, A.B. Nonlinear Dynamics near the cell membrane of Chara Corallina. (accepted by Journal of Biological Systems, in press).

[49] [2007] Price, C.B., Using a Commercial Game Engine to produce Physics Educational Materials. European Conference on Game based Learning (October 2007)

[48] [2007] Price, C.B., Computer Games in Education Training and Visualization: Case Studies using Unreal Tournament. Cybergames 2007

[47] [2007] Price, C.B., From Kandinsky to Java. The use of 20th Century Abstract Art in Learning Programming. ITALICS Journal (due October 2007)

[46] [2007] Price, C.B., Computer Games as Vehicles to Learn Physics: Mechanics, Oscillations and Waves. Proceedings of the 2007 Conference of the International Simulation and Gaming Association, Nijmegen July 2007.

[45] [2007] Price, C.B., Development of a Collaborative Platform for Art Education: From Pedagogy to Technology. The Sixth IASTED Conference on Web-Based education, Chamonix, France March 2007. (paper accepted for Journal publication).

[44] [2007] Price, C.B., From Malevich to Java – Towards an Integration of Mathematics Computing and Education. 4th International Conference on Mathematics, Computers and Education, Puschino, Moscow, Russia, Jan 2007. (virtual presentation)

[43] [2007] Price, C.B., Can the Fine Arts Inform Software Development ? (From 20th Century Russian Constructivism to 21st Century Java). Java in the Curriculum Conference, London Metropolitan University Jan 2007

[42] [2007] Price.C.B., The Importance of Learning History and Philosophy of Computing. Third International Conference on Technology, Knowledge and Society, Cambridge UK. (Paper accepted for Journal Publication)

[41] [2006] Learning & Teaching AI using Computer Games The Twenty-sixth SGAI International Conference on Innovative Techniques and Applications of Artificial Intelligence, Cambridge, UK.
